Math 1613 - Trigonometry
Quiz #1 - 2012.01.17
Solutions

1. What is the range of the function $\sin(\theta)$?

   The range of $\sin(\theta)$ is $[-1, 1]$.

2. What is the relationship between $\sin(\theta)$ and $\csc(\theta)$?

   The relationship is
   $$\csc(\theta) = \frac{1}{\sin(\theta)}$$

3. What is your super secret awesome code name?

   Answers will vary, hopefully.
